

Under 16 Sexual Health Information

clinic

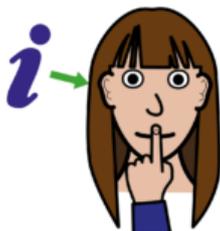

Anybody can come to our clinics even if you are below the age of 16

age range

If you are under 13 years old, we may take some extra steps to make sure you're safe.

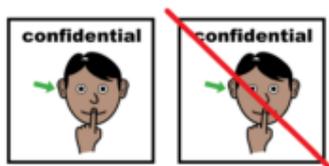

confidential

We don't tell anyone about your visit. We won't tell your parents, support workers or doctor.

but

no longer confidential

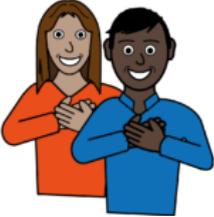

we may have to tell someone if we are concerned for your safety

anxious

Sometimes talking about sex, relationships and contraception can make people feel anxious

<p>respect</p> 	<p>We will always treat you with kindness and respect</p>
<p>sample test</p> 	<p>Getting tested for sexually transmitted infections is very easy</p> <p>You can often do the tests yourself but we can help you</p>
